Students with Cool Hobbies

Having hobbies is a great way we can express ourselves in fun and creative ways. The students of S.K.H. Chi Fu Chi Nam Primary School all showcase a wide range of hobbies that cover everything from sports to art. All of our students were eager to share how they like to spend their free time. We got to speak with a few of them and see what their favourite hobbies are.

3A Venus Cheung
Listening to Hip Hop

I like hip hop because I like dancing to it. Chan Sze Wan is my favorite rapper. He is a rapper with a slow flow that makes his music enjoyable to dance to.

4B Teeson Lam
Pok é mon

My favourite Pokémon game is Pokémon Violet on the Nintendo Switch because it is interesting. The best Pokémon is Sylveon. It is really cute! I play Pokémon everyday.

5A Adam Cheung
Poland Ball

Poland Ball includes many countries and we can learn new things about other countries. We can also learn English by reading Poland Ball comics. You can draw Poland Ball anywhere, on paper or on the computer. Other people can learn our country's history through Poland Ball cards.

5B Owen Sak
Listening to music (Queen)

I like listening to rock music. Rock music is exciting because of its dynamic energy and the way different instruments blend together to create powerful sounds. The rock music of Queen is outstanding when compared with other songs. My favourite song by Queen is *We will Rock You*

5A Holly Kwok
Rugby

I like rugby because I can play it with my friends. My favourite part of rugby is when I throw the ball. I play rugby at school every Thursday.

6B Ivy Hu
Animals / Plants / Book / Story

My favourite hobby is playing with my pets. Animals are my friends! I have a guinea pig, a hamster, and a rutin chicken at my house. I have even more pets at my grandparents' home in Beijing. Animals make good friends because humans are complex while animals are easy to understand. I like to take care of animals that are usually unwanted. I would like to have a black cat as a pet.

6C Carina Deng
Piano

My favourite hobby is playing the piano. I have been playing the piano for two years! At first, I did not like playing the piano. My mom made me because she said everyone should learn how to play an instrument. I like playing the piano because I like making beautiful music.

5A Sonya Choi
Taekwondo

I've been doing Taekwondo for five years. Learning Taekwondo is fun because it also teaches me how to defend myself. In my last sparring tournament, I won 2nd place! So far, I am a red belt. At present, I hold the rank of red belt, a milestone that inspires me to continue striving towards higher levels of mastery.

6B Rex Leung
Buses and MTR

I like buses because they are so big! It is fun to relax and look at buses pass by. My favourite buses are the ones in Taiwan. In Hong Kong, we have giant, double-decker buses, but the buses in Taipei are interesting because they are smaller and faster.

Explore the World of Dr. Seuss

Dr. Seuss - Introduction

More stories here

One of the GREATEST Writers

Dr. Seuss was one of the greatest writers ever. With over 60 books, Dr. Seuss introduced children to many characters including The Cat in the Hat, the Grinch, the Lorax, and many more! His stories helped show children all over the world why it's important to be yourself, the importance of protecting the forest, and why we should try new things!

Dr. Seuss didn't just write his stories, he also drew his own pictures. Before becoming a writer, Dr. Seuss was famous for his drawings. When reading a book by Dr. Seuss, you will see funny-looking animals in bright colours.

Activity 1 - Word Search

Dr. Seuss was known for creating all sorts of crazy characters and names. The word search below has just a few of Dr. Seuss's favourite characters and books. Try and find them all!

Activity 2 - Maze

The maze below is super messy. Thing 1 and Thing 2 need to clean up all the spiderwebs before they reach the end. Can you help them out?

Activity 3 - Colouring

The Lorax is king of the trees. In fact, his home is full of bright and colourful trees called Truffula trees. Help add colours to the Lorax's forest.
